Editorial Index for Volume 89, covering the year 1974

A–B

Aerosols, Dry Powder (Technology Report)–Anthony Iannacone, January, p. 22
Aerosol Congress, Exhibition (Report), January, p. 56
Aerosol form, Skin lotions in–David N. Parker, April, p. 71
Aerosol fragrance products, New developments in–Donald R. Strobach, June, p. 46
Aerosol permanent waving lotions–S. Golding, December, p. 38
Alcohol from cosmetic emulsions, Crystallization of cetyl–George E. Mapstone, November, p. 31
Alcohols in skin lotions, Higher–Richard R. Egan, Owen Portwood, March, p. 39
Alkanolamines in skin lotions–Charles W. Martin, March, p. 29
Allergy, Cosmetic, a problem and possible solutions–William F. Schorr, July, p. 25
Aluminum compounds on mammalian epidermis, The effect of some simple–A.B.G. Lansdown, September, p. 82
American Society of Perfumers Symposium, Proceedings, June, p. 39
Amido Alkyldimethylamines in lotions, Use of fatty acid–Anthony A. Scafidi, Beatriz M. Neghme, April, p. 89
Aroma chemicals, past and present–Thomas J. Plocek, June, p. 43
Aroma materials, How perfumery trends affect the supply of–Harry A. Cuttler, December, p. 55
Beeswax/borax reaction in cold creams–Leon M. Prince, May, p. 47
Belgian Law on Cosmetics, January, p. 26
Bergamot, Italian oil of–Francis Misitano, September, p. 52
Bergamotene, Cis- and trans-Beta-, Essential oils and their constituents. XVIII.–James M. Hogg, Stuart J. Terhune, Brian M. Lawrence, September, p. 64
Black market, Perfume and cologne, an analysis of the–Edward S. Rutland, June, p. 40
Black skin, Skin lotions for–Edward J. Shevlin, April, p. 41
British perfumery industry, A review of the–Eric L. Simco, June, p. 50
Brominated salicylanilides, structure-activity relationships–Francis N. Marzulli, Howard I. Maibach, May, p. 51
1,3-butylene glycol as a safe and useful ingredient in cosmetics, Evaluation of–Morris V. Shelanski, September, p. 96

C–D

Cationic lotions–Graham Barker, April, p. 25
Chemical Sources Association, The story behind the, Where are the makers?–S. Rus Schay, December, p. 53
Clays, Laponite synthetic (Technology Report)–W. R. Markland, January, p. 24
Clay mastergels, Organically modified, a new approach to cosmetic formulating–C. Kahn, C.J.R. Eichhorn, December, p. 31
Cleansing formulations, Diversity of market needs in lotion–Helen Cowel Hayden, March, p. 75
Cold creams, Beeswax/borax reaction in–Leon M. Prince, May, p. 47
Cologne, Perfume and, an analysis of the black market –Edward S. Rutland, June, p. 40
Composition of some natural waxes–A. P. Tulloch, November, p. 53
Cosmetic hormone lotions–Edward J. Masters, March, p. 35
Cosmetic industry in Taiwan–T. J. Lin, November, p. 41
Cosmetic wax crayons–Mitchell L. Schlossman, Adrian J. Feldman, November, p. 29
Crystallization of cetyl alcohol from cosmetic emulsions –George E. Mapstone, November, p. 31
Cyclooctadecanone, Fixation of Toluene by–Howard W. Bost, June, p. 81
Depilatory compositions, Thioglycerol-nitrogen base molecular complex (Technology Report)–February, p. 20
Dermatological skin lotion vehicles–Nazla A. Harb, April, p. 67
Diversity of market needs in lotion cleansing formulations–Nancy Cowel Hayden, March, p. 75
Dry Powder Aerosols (Technology Report)–Anthony Iannacone, January, p. 22

E–F–G

Effect of pH on stored dehydroacetic acid solutions–T. J. McCarthy, December, p. 45
Effect of some simple aluminum compounds on mammalian epidermis, The–A.B.G. Lansdown, September, p. 82
Essential Oil Congress (Program), September, p. 29
Essential Oil Congress (Report), October, p. 69
(Essential oil production in Guatemala) Laboratories in the sun–John K. Downing, September, p. 80
Essential oils and their constituents. XVIII. Cis- and trans-Beta-bergamotene–James M. Hogg, Stuart J. Terhune, Brian M. Lawrence, September, p. 64
Essential oils, Some recent developments in the chemistry of natural products, with particular reference to –Eric V. Lassak, February, p. 45
Evaluation of 1,3-butylene glycol as a safe and useful ingredient in cosmetics–Morris V. Shelanski, September, p. 96
Fatty acid amido alkyldimethylamines in lotions, Use of –Anthony A. Scafidi, Beatriz M. Neghme, April, p. 89
Fixation of toluene by cyclooctadecanone–Howard W. Bost, June, p. 81
FDA Regulation, New, Cosmetic Product Experience Reports, July, p. 22a
Fragrance industry, Packaging for the–Paul E. Forsman, Jr., June, p. 60
Fragrance materials, A classification system for–H. G. Haring, June, p. 83
Fragrance only an olfactory sensation?, Is–Yves Tollard d'Audiffret, June, p. 62
Fragrance products, New developments in aerosol–Donald R. Strobach, June, p. 46

Givaudan's 50 years in the U.S.A., July, p. 49
Glucose derivatives in skin lotions, New—Lester I. Conrad, March, p. 33
Guatemala), (Essential oil production in, Laboratories in the sun—John K. Downing, September, p. 80

H—I

Hair, Normal adult, structure and properties—Robert A. Wall, LeRoy D. Hunter, February, p. 31
Hair spray resins and additives—Tatsuya Ozawa, Takeshi Kitazawa, Masashi Eguchi, Junichi Yamada, January, p. 33
Higher alcohols in skin lotions—Richard R. Egan, Owen Portwood, March, p. 39
Highly refined petroleum products in skin lotions—Rufus K. Rhodes, March, p. 53
Hormone balance and application of cosmetics containing hormones—J. W. R. Everse, September, p. 9
Hormone lotions, Cosmetic—Edward J. Masters, March, p. 35
How accurate is an accelerated test? (Comparative analyses concerning the stability of perfume oils in accelerated tests)—G. Holzner, October, p. 37
How perfumery trends affect the supply of aroma materials—Harry A. Cuttler, December, p. 55
IFSCC Praesidium, Council Meetings (Report), January, p. 57
IFSCC Congress (Program), August, p. 39
IFSCC Congress (Papers-abstracted in 5 languages). August, p. 45
IFSCC Congress (Report), October, p. 50
IFSCC Council Meeting (Minutes), November, p. 56
Isocosmetics with isostearics—G. Proserpio, July, p. 45
Italian oil of bergamot—Francis Misitano, September, p. 52

L

Laboratories in the sun (Essential oil production in Guatemala)—John K. Downing, September, p. 80
Laevo-menthol, syntheses and organoleptic properties—J. C. Leffingwell, R. E. Shackelford, June, p. 69
Lanolin derivatives in skin lotions—E. W. Clark, April, p. 53
Laponite synthetic clays (Technology Report)—W. R. Markland, January, p. 24
Lecithin, its composition, properties and use in cosmetic formulations, July, p. 31
Liquid and cream make-up for dark skin tones—Edward J. Shevlin, July, p. 37

M

Mascara development, Progress in—Julius Wetterhahn, December, p. 27
Menthol, Laevo-, syntheses and organoleptic properties—J. C. Leffingwell, R. E. Shackelford, June, p. 69
Microflora employing a standardized swabbing technique, Studies on the aerobic axillary (total counts, speciation and ecological drift)—Herbert M. Prince, James A. Rodgers, October, p. 25
Moisturizer, The search for the ideal—S. J. Strianse, May, p. 57
Moisturizing lotions, New techniques for using Carbopol® resins in—Walter Lang, March, p. 67

N—O—P

'National Cosmetic Regulations' (Report), October, p. 58
'Natural base' sunscreen lotions—R. L. Goldemberg, April, p. 35
'Natural' touch in cosmetic lotions—Robert P. Brandau, March, p. 43
New Czechoslovakian suntan preparations—Lukac, Krs, Kolinsky, Borovicka, January, p. 47
New developments in aerosol fragrance products—Donald R. Strobach, June, p. 46
New FDA Regulation, Cosmetic Product Experience Reports, July, p. 22a
New glucose derivatives in skin lotions—Lester I. Conrad, March, p. 33
New techniques for using Carbopol® resins in moisturizing lotions—Walter Lang, March, p. 67
Nonionic skin lotions—Bernard Idson, March, p. 59
Normal adult hair, structure and properties—Robert A. Wall, LeRoy D. Hunter, February, p. 31
Olfactive properties, Relationship between the chemical structure of compounds and their—Hans Boelens, September, p. 70
Organically modified clay mastergels, a new approach to cosmetic formulating—C. Kahn, C. J. R. Eichhorn, December, p. 31
Packaging for the fragrance industry—Paul E. Forsman, Jr., June, p. 60
Packaging cosmetics and toiletries, PVC for—C.A. Brighton, January, p. 43
Pearl pigments in skin lotions—Lauren C. Kingman, Jr., Merton E. Kleintop, April p. 49
Perfume and cologne, an analysis of the black market—Edward S. Rutland, June, p. 40
Perfumery industry, a review of the British—Eric L. Simco, June, p. 50
Perfumery materials in Poland—Wladyslaw S. Brud, October, p. 86
Perfumery materials, Progress in—Paul Z. Bedoukian, May, p. 35
Perfumery trends affect the supply of aroma materials, How—Harry A. Cuttler, December, p. 55
Petrolatums, technological properties and quality assessment—Heinz Sucker, February, p. 37
Petroleum products in skin lotions, Highly refined—Rufus K. Rhodes, March, p. 53
pH on stored dehydroacetic acid solutions, Effect of—T. J. McCarthy, December, p. 45
Pharmaceutical aspects of skin therapy—N. J. Van Abbé, October, p. 31
Pigmented cosmetic lotions, Some aspects in formulating—Justin P. McCarthy, March, p. 65
Pigments in skin lotions, Pearl—Lauren C. Kingman, Jr., Merton E. Kleintop, April, p. 49
Pluronic® polyols in skin lotions—Irving R. Schmolka, April, p. 63
Poland, Perfumery materials in—Wladyslaw S. Brud, October, p. 86
Polyols in skin lotions, Pluronic®—Irving R. Schmolka, April, p. 63
Propoxylates in skin lotions, Use of—L. S. David, April, p. 87
Protein derivatives in cosmetics—Richard Riso, April, p. 45
PVC for packaging cosmetics and toiletries—C. A. Brighton, January, p. 43

R

Reconstituted triglycerides in cosmetic lotions—T. Kaufman, W. F. Bernholz, R. Hoen, April, p. 75
Regulations, National Cosmetic (Report), October, p. 58
Regulation, New FDA, Cosmetic Product Experience Reports, July, p. 22a
Relationship between the chemical structure of compounds and their olfactive properties—Hans Boelens,

September, p. 70
Resins and additives, Hair spray—Tatsuya Ozawa, Takeshi Kitazawa, Masashi Eguchi, Junichi Yamada, January, p. 33
Resins in moisturizing lotions, New techniques for using Carbopol®—Walter Lang, March, p. 67
Review of the British perfumery industry, A—Eric L. Simco, June, p. 50
Rice oil (Technology Report), February, p. 22

S

Salicylanilides—Brominated, structure-activity relationships—Frances N. Marzulli, Howard I. Maibach, May, p. 51
Search for the ideal moisturizer, The—S. J. Strianse, May, p. 57
Shiseido story, The—August, p. 113
Significance of vitamins for healthy and diseased skin—Wilhelm F. Korner, Richard M. Salkeld, November, p. 35
Skin lotions documentary issue—Part I, March; Part II, April
Skin, Significance of vitamins for healthy and diseased—Wilhelm F. Korner, Richard M. Salkeld, November, p. 35
Skin therapy, Pharmaceutical aspects of—N. J. Van Abbé, October, p. 31
Skin tones, Liquid and cream make-up for dark—Edward J. Shevlin, July, p. 37
SCC Seminar (Abstracts), June, p. 85
SCC/AOAC symposium on Cosmetic Analytical Techniques (Report)—Dolores Kenney, November, p. 61
Some aspects in formulating pigmented cosmetic lotions—Justin P. McCarthy, March, p. 65
Some recent developments in the chemistry of natural products, with particular reference to essential oils—Eric V. Lassak, February, p. 45
Sterilization of a particulated atmosphere—Albert Shansky, February, p. 49
Studies on the aerobic axillary microflora employing a standardized swabbing technique (total counts, speciation and ecological drift)—Herbert N. Prince, James A. Rodgers, October, p. 25
Sucrose esters in skin lotions—Hillary Robinette, Jr., March, p. 63
Sunscreen lotions, 'Natural base'—R. L. Goldemberg, April, p. 35
Suntan preparations, New Czechoslovakian—Lukac, Krs, Kolinsky, Borovicka, January, p. 47

T—U—V

Taiwan, Cosmetic industry in—T. J. Lin, November, p. 41
Test?, How accurate is an accelerated (Comparative analyses concerning the stability of perfume oils in accelerated tests)—G. Holzner, October, p. 37
Thioglycerol-nitrogen base molecular complex depilatory compositions (Technology Report), February, p. 20
Toluene by cyclooctadecanone, Fixation of—Howard W. Bost, June, p. 81
Triglycerides in cosmetic lotions, Reconstituted—T. Kaufman, W. F. Bernholz, R. Hoen, April, p. 75
Use of fatty acid amido alkyldimethylamines in lotions—Anthony A. Scafidi, Beatriz M. Neghme, April, p. 89
Use of propoxylates in skin lotions—L. S. David, April, p. 87
Vegetable oils in lotions—Rosemarie Wallisch, March, p. 57
Vitamins for healthy and diseased skin, Significance of—Wilhelm F. Korner, Richard M. Salkeld, November, p. 35

W

Waving lotions, Aerosol permanent—S. Golding, December, p. 38
Wax Crayons, Cosmetic—Mitchell L. Schlossman, Adrian J. Feldman, November, p. 29
Waxes, Composition of some natural—A. P. Tulloch, November, p. 53
Where are the makers? The story behind the Chemical Sources Association—S. Rus Schay, December, p. 53
